Subject: Des Moines TCE updated contingency costs

Erin:

Danielle has finished her update of the contingency costs and I did a review. We hope to send this over tomorrow; we're just waiting on Ted or another QC reviewer to look it over.

The gist of it is the contingency cost is now \$9.9 million if we assume everything is hazardous, so it roughly doubled. We did get one company to provide us with disposal costs, although we contacted four companies. We may have one more estimate coming.

We should be ready by late tomorrow to discuss; otherwise, we can wait until Monday.

Best,

Mike
